

Mobility Print Instructions for a Chrome OS Device

Step 1: Make sure the client is connected to PantherNet.

Step 2: Install the Mobility Print Chrome app.

Step 3: If you want to print from Android applications such as Microsoft Word:

- Enable Google Play store as a user or as an Administrator.
- Install the Mobility Print Android app from the Google Play Store.
- Click Open.
- Click Android settings.
- Click Mobility Print.
- Click the Enable toggle.

Step 4: Open the page to print. The way you print is different depending on the app you're printing from. For more information, see the documentation for the app. When you select a printer, make sure you select Panther_Printing_Mobile as identified by the Mobility Print app icon.

Step 5: Print the content. For example, to print from Microsoft Word, press Ctrl+P, select a printer; then click Print.

Step 6: When prompted, sign in with your ODU username and password.

Note:

- Need to assign an account to your print job? You can do that at the printer or via the Mobile web client.
- Android apps are available only on supported devices. To see if your Chromebook supports Android app printing, see [Chrome OS Systems Supporting Android Apps](#).
- Your Chromebook must run Chrome OS version 53+.
- If you are unsure whether or not your apps are Android apps:
 - Open the Play Store app.
 - Click the ☰ menu; then select My Apps and Games.
 - Click the Installed tab. A list of the Android apps installed on your Chromebook will be displayed.

Device Requirements:

Chrome OS with Chrome version 69+ for Chrome apps and version 53+ for Android apps.
