

## **Mobility Print Instructions for Windows Device**

[Click this link](#) to download and run the Mobility Print installer.

You'll be prompted to select Panther\_Printing\_Mobile to use, and to enter your ODU username and password.

When it's time to print, just print like you normally do.

### Note:

- Make sure that you are connected to PantherNet before you connect to the printer.
- Need to assign an account to your print job? You can do that at the printer or via the User Client.

### Device Requirements:

Microsoft Windows 7+
